

Ink Abrasion

Product Features

LCD English display, 4 speeds adjustable

- Power-off memory function, after power-on again, the state of the parameters entered before the last power-off will be maintained
- Closed-loop servo stepper motor, ball screw, precision dual optical axis guide

Technical Parameters

No.	Parameter item	Technical index
1	Power Supply	AC (220±10%) V, 50Hz 50W
2	Working Environment	Temperature(10~35)°C, Humidity≤ 85%
3	Measuring range	(1 ~ 99999) times
4	Friction distance	60mm
5	Friction speed	21/43/85/106 (Times/min)
6	Load	20N (4 Pounds customizable)
7	Dimension	290×295×335 mm
8	Net Weight	22kg around
